A Message from the Director of Insurance

Governor Napolitano and Members of the Arizona Legislature,

I am especially pleased to provide this 2004/2005 Annual Report of the Arizona Department of Insurance. The Department of Insurance, a relatively small agency, it is a critical component of state government. From the one-on-one assistance we offer the public, to the financial scrutiny we maintain over the massive insurance institutions doing business in our state, the functions of the Department of Insurance are invaluable to Arizona consumers.

Through fee and assessment revenues, the Department reimburses the General Fund for the amount of its appropriation. In fiscal year 2005, the Department collected and remitted over \$358 million in insurance premium tax revenues to the General Fund, and nearly \$29 million to fire fighter and public safety retirement funds. Given a fiscal year 2005 appropriation of just over \$6 million, the Department continued to adeptly regulate an insurance industry which transacted over \$31 billion of premiums in this state in 2004 and to render helpful information and service to our ever-increasing population of insurance consumers and licensees.

My utmost respect and gratitude goes to the Department's staff for another year of excellent service to Arizona's insurance consumers.

I believe in a balanced approach to insurance regulation and urge all stakeholders in Arizona's insurance markets to continue to work together to further our joint interests in assuring the economic development of the insurance companies doing business in our state, while protecting the interests of Arizona insurance consumers.

Sincerely,

A handwritten signature in black ink, appearing to read 'Christina Urias'. The signature is fluid and cursive.

ADMINISTRATIVE SERVICES DIVISION

Scott Greenberg..... Chief Operating Officer
Steven Fromholtz..... Licensing Administrator
Mary Jordan Accounting Manager
Barbara Beltran..... Business Services Supervisor

The Division is comprised of the Licensing Section, the Business Services Section and the Accounting Section.

Licensing Section

The mission of the Licensing Section is to provide efficient, effective and quality insurance licensing services to producers and other insurance-related service providers. The Licensing Section ensures that insurance license candidates meet all qualifications before issuing or renewing a license. The Section reviews and analyzes applications for professional-services licensure, maintains and accesses agency-specific and national licensing databases, obtains criminal history information on certain applicants, maintains electronic and physical license files, administers contracts for pre-license examination services and for continuing education provider and course certification.

Although the professional services licensing population grew by 10.8% during Fiscal Year 2005¹, the Licensing Section continued to operate efficiently, reviewing license applications in an average of only 13.2 licensing time frame days².

Licensing Highlights

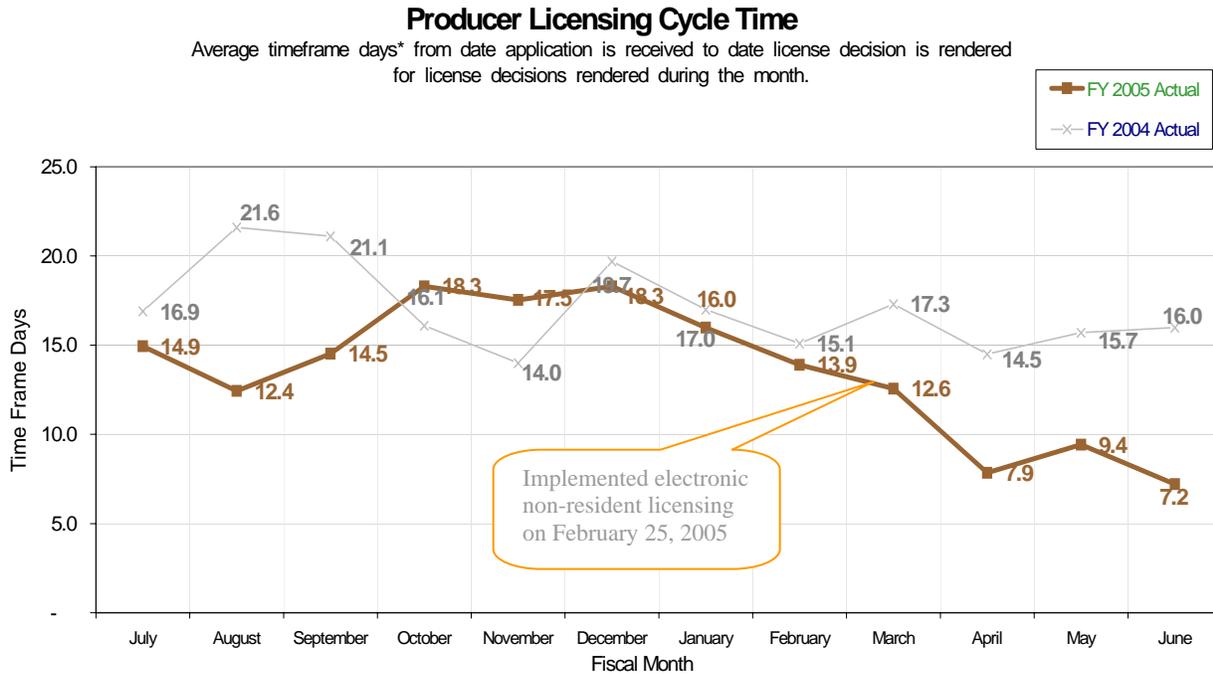

For Fiscal Year 2005

- ◆ *Processed 25,736 new license applications, a 1.0% increase from the prior fiscal year.*
- ◆ *Received 3,335 new applications electronically, 13.0% of all new applications received during Fiscal Year 2005.*
- ◆ *Processed 33,531 license renewal applications, a 14.2% increase from the prior fiscal year.*
- ◆ *Responded to 686 public records requests in an average of 4.5 days.*
- ◆ *Satisfied 92.6% of customers responding to surveys during Fiscal Year 2005.*
- ◆ *Reviewed license and renewal applications in an overall average of 13.2 licensing time frame days.*

¹ From 99,379 at June 30, 2004, to 110,063 at June 30, 2005.

² “Licensing time frame days” are the “overall time frame” days, as defined in A.R.S. §41-1072(2), minus the days that the overall time frame is suspended in accordance with A.R.S. § 41-1074(B).

The following chart illustrates the licensing cycle time during the last two fiscal years on a monthly basis.

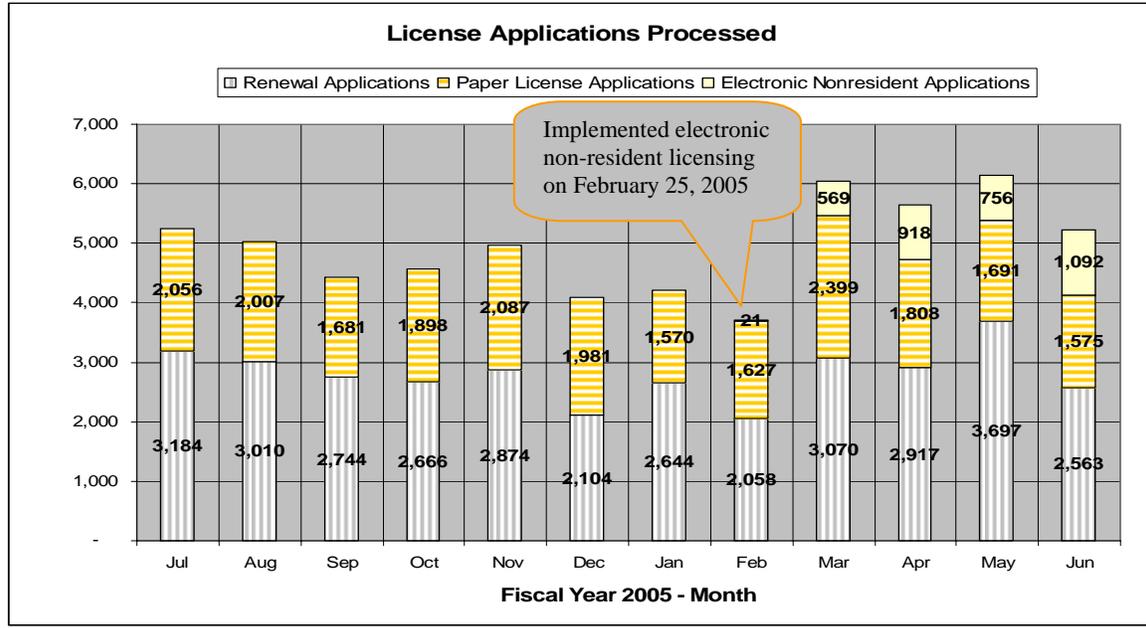

**Timeframe days exclude the number of days during which applications have been returned to applicants due to deficiencies.*

The Department’s Information Services Division worked in cooperation with the National Insurance Producer Registry (“NIPR”), an affiliate of the National Association of Insurance Commissioners (“NAIC”), to develop an “Electronic Non-resident Licensing” system (“E-NRL”). Under the new Internet-based E-NRL system, a licensee in one state may now apply for and pay fees for an additional insurance license in one or more other states. The NRL system validates and transmits the applicant’s data and fees to the new state to review the data, make licensing decisions, and issue licenses to qualified applicants.

The availability of E-NRL has enabled the Licensing Section to process an increased number of license applications in a reduced amount of time. While the number of license and renewal applications received each month increased significantly, from 3,706 in February 2005 to 5,230 in June 2005, the average time that the Licensing Section required to process license applications decreased, from 13.9 time frame days in February 2005 to 7.2 time frame days in June 2005.

E-NRL appears to have encouraged license applications to be made in Arizona. During the first seven months of Fiscal Year 2005, the Department received an average of 1,897 license applications per month. During the last four months of

Fiscal Year 2005, the Department received an average of 2,702 license applications per month, a 42.4% increase.

The Licensing Section and Information Services Division have begun working with the Arizona Government Information Technology Agency and IBM to develop an Internet-based online producer license information and renewal system. Once the Department implements the new system, an Arizona-licensed insurance professional (individual or business entity) will be able to update demographic information at any time, and will be able to submit renewal applications and renewal fees electronically. The system will automatically evaluate the electronic renewal application data against NAIC and the NIPR database information to identify applicants requiring further scrutiny. Typically, the online renewal process will take about 20 minutes and a successful online renewal will automatically update the Department's database information. We expect this initiative will allow the Department to enhance its high quality of services to an increasing license population while postponing the need for additional staff.

Business Services Section

The mission of the Business Services Section is to provide the goods and services needed to support efficient and effective agency operations. This Section is responsible for personnel, procurement, mail distribution and metering, facilities management, risk management and strategic planning support.

The Business Services Section continues to be successful at delivering responsive service to its internal customers, and 78.1% Fiscal Year 2005 surveys responses indicate employees "agreed" or "strongly agreed" with the statement, "Overall, I am satisfied with the Business Services Section." Most of the remaining responses (17.9%) "neither agreed nor disagreed."

The Business Services Section implemented the State's "Hiring Gateway," the State's new system for recruitment, which publishes job announcements on the "AZStateJobs.gov" web site, and performs automated evaluations of job applications. The new system has not only accelerated the recruitment process but has vastly improved the quality of applications available to hiring supervisors.

Accounting Section

The mission of the Accounting Section is to promptly and accurately complete and record agency accounting transactions. This Section is responsible over cash receipts and cash disbursements for eleven different funds; for executing and recording accounting transactions; for accurately forecasting revenues and expenditures; for developing and monitoring budgets for each of the Department's funding sources; for timely and accurately paying Department of Insurance employees.

During Fiscal Year 2005, the Department collected over \$387.4 million of insurance premium tax revenues, of which approximately \$358.8 million was deposited into the State General Fund and the remaining \$28.6 million benefited the pension funds of public safety personnel and firefighters. In total, the Department returned to the General Fund more than 55 times the amount of its General Fund appropriation last year.

The Accounting Section help to implement a new electronic insurance premium tax payment process, whereby insurers may pay annual and installment tax payments via electronic funds transfer. This new initiative is described in detail in the Financial Affairs Division section.

Business Services and Accounting Highlights for Fiscal year 2005

- ◆ *The Business Services Section worked with the Department of Administration to implement "Your Employee Services," an Internet-based service that allows Department employees to serve themselves to payroll, tax, benefits, and other information.*
- ◆ *The Business Services Section implemented the Hiring Gateway, the State's improved human resources recruitment system*
- ◆ *The Accounting Section collected almost \$358.8-million for the State General Fund, which was over 55 times the Department's \$6.5-million General Fund appropriation.*
- ◆ *The Accounting Section assisted in implementing a new electronic insurance premium tax payment process, enhancing physical security over payments, and expediting the deposit of premium tax revenues.*
- ◆ *The Accounting Section processed 96.1% of payments in 30 days or less, and all payments were processed in an average of 10.9 days.*

CONSUMER AFFAIRS DIVISION

Mary Butterfield.....Assistant Director
Catherine O'Neil Ombudsperson
Mary Kitterman.....Market Assistance Manager
Lorraine McCormack Health Care Appeals Manager

The mission of the Consumer Affairs Division is to assist, inform and protect Arizona insurance consumers. The Division is comprised of the Consumer Services and Health Care Appeals Sections. The Division provides a full range of consumer information and assistance in response to written, telephonic and walk-in requests, including distribution of informative publications such as premium comparisons and insurer complaint ratios. The Division also assists with insurance-related education and outreach and offers one-on-one assistance to consumers, and businesses. The Department also has a satellite office in Tucson which offers consumer assistance and producer licensing services to southern Arizona residents. The Division also offers assistance to Arizona businesses having difficulty securing liability insurance. The Health Care Appeals Section administers Arizona's health care appeals law which requires all health insurers to have a multi-tiered process in place through which consumers may appeal insurer claim denials or denials of requests for services, either on an expedited or standard basis.

Consumer Services Section

The Consumer Services Section is the insurance consumer's main point of contact with the Department. Consumer Services personnel in the Phoenix and Tucson offices provide critical assistance to Arizona's insurance consumers in numerous ways. During FY05 division personnel responded to over 52,000 phone calls, personally met with nearly 1,000 members of the public, and handled almost 6,000 written complaints and requests for information and assistance regarding insurance-related problems. The Division also assisted consumers in recovering \$6.3 million from their insurance companies.

Consumer Affairs Highlights for Fiscal Year 2005

- ◆ *Assisted in settlements and recoveries for Arizona consumers totaling \$6,319,910*
- ◆ *Answered 52,459 telephone inquiries*
- ◆ *Processed 5,665 written complaints*
- ◆ *Assisted 948 consumers in person at the Department.*
- ◆ *Assisted 387 consumers in finding difficult-to-place liability insurance coverage.*

Health Care Appeals Section

The Health Care Appeals Section administers the 1997 legislation which created a uniform process for Arizona health insurance consumers to appeal insurer claim denials¹ or requests for services². The appeal process culminates in an opportunity for an insured to obtain an unbiased, independent, external level of review administered by the Department.

In general, the health care appeals law³ provides a three-tiered process for insured members to contest denials or requests for service. The majority of appeals follow the standard appeals track, although the law provides an expedited track mirroring the standard process except for significantly reduced time frames at each level. To be eligible for an expedited appeal, the insured member's treating provider must submit a written certification along with supporting medical documentation indicating that the time required for the

standard process "is likely to cause a significant negative change" in the medical condition at issue in the appeal.

The insured member must exhaust the insurer's internal appeal steps (usually both levels one and two) before requesting external independent review; however, an insurer may choose to accelerate a case to external review at any of the internal levels. The last level of this process allows for a review that is external and independent of the health insurer. Once again, there are two distinct tracks that an external review can follow. If the case concerns a denial arising from a coverage or contractual issue, the Department makes the independent determination. The non-prevailing party may then appeal to the Office of Administrative Hearings, although the Department is not a participant at the hearing.

If the case involves a medical necessity issue, an independent medical review organization makes the final determination. The Department contracts with several independent review organizations (IROs) through the state procurement process. For each medical case, the Department selects a reviewer from its list of IROs, sends the case to the selected IRO who completes its medical review and sends its recommended

¹ A denied "claim" occurs when a person has already received care, submitted a claim for payment, and the insurer refuses to pay all or any portion of the claim.

² A denial of "service" occurs when a person has requested a health care service or a referral to a specialist and the insurer refuses to pre-authorize the service. Thus, the desired service has not yet been rendered at the time of the appeal.

decision back to the Department for final written determination. The health care insurer has no direct relationship or contact with the IRO at any time during the independent review process. The Department bills the insurer for the cost of the medical review and maintains a revolving fund to pay the IRO fees on a case by case basis. This final medical determination is subject to judicial review, and cannot be appealed to the Office of Administrative Hearings.

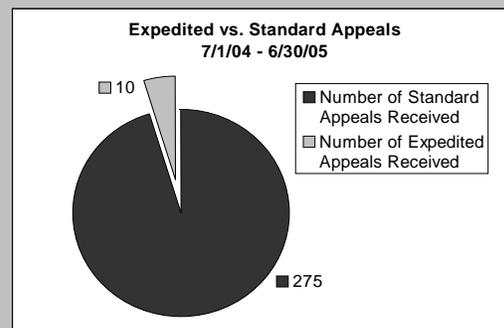

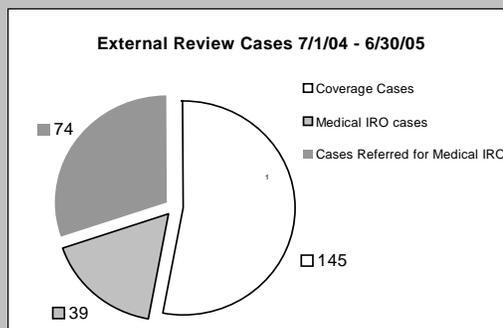

Only appeals taken to the third level come to the Department for external review. The external review component of this mandated process provides Arizona health insurance consumers with a valuable, user friendly dispute resolution mechanism that is expeditious and inexpensive. In addition, it is estimated that most insurers overturn approximately half of all appeals at the first level of an appeal, so the first tiers of an appeal to the insurer can be very beneficial.

FINANCIAL AFFAIRS DIVISION

Steve Ferguson..... Assistant Director
Kurt Regner..... Chief Financial Analyst
Vacant..... Special Insurance Markets Manager
Alan Griffieth..... Chief Financial Examiner
Kelly Stephens..... Compliance Section Manager

The mission of the Financial Affairs Division is to detect and deter insurers' financial deficiencies and unsound financial practices. The Division also reviews applications for licensure in Arizona to ensure that the Division issues certificates of authority to only those insurers in sound financial condition. In fulfilling this mission, the Division analyzes quantitative and qualitative information provided through periodic required financial filings, it conducts formal on-site financial examinations and obtains data from other regulatory and public sources. Required filings include annual and quarterly financial statements, annual holding company registration statements and audited financial reports. If the Division identifies deficiencies from analysis of available information, Division management requires insurers to prepare and implement corrective action plans and/or takes enforcement actions as appropriate. The Division must also review and approve the acquisition, merger or withdrawal of an insurer and certain transactions between an insurer and affiliated entities.

In conducting its financial oversight of insurers, the Division is subject to standards for effective financial regulation promulgated through the National Association of Insurance Commissioners (NAIC). The NAIC accredited the Department as compliant with NAIC standards in 2003 and requires annual interim accreditation reports in addition to a full accreditation review every five (5) years. Assistant Director, Steve Ferguson, leads the Division, organized into four sections, the (1) Financial Surveillance Section, (2) Examinations Section, (3) Special Insurance Markets Section and (4) Compliance Section.

Financial Surveillance Section

The Financial Surveillance Section conducts ongoing analysis of mandatory financial filings of domestic insurers because continuous insurer surveillance results in early detection of financial deficiencies and other operating difficulties potentially leading to insolvencies. The Financial Analysts utilize sophisticated financial analysis tools to extract and review financial data from national NAIC databases. When analysts detect financial deficiencies, they recommend appropriate corrective actions and assist Division management in its enforcement activities. The Division must report the most serious insurer financial conditions to other state insurance departments and the NAIC.

Financial Surveillance staff responsibilities also include reviewing insurer applications for issuance of new and amended certificates of authority and providing recommendations related to certain domestic insurer transactions.

Special Insurance Markets Section

The Special Insurance Markets Section is responsible for the ongoing analysis of financial filings of domestic reinsurers, captive insurers, all foreign authorized companies and other special markets entities. Responsibilities and procedures are similar to those of the Financial Surveillance Section and provide early detection of financial deficiencies and operating difficulties.

Examinations Section

The Examinations Section is responsible for the performance of periodic on-site full scope financial examinations of domestic insurers and special markets companies. The Section may also perform limited scope examinations when financial surveillance practices detect concerns regarding specific financial conditions or operations. The purpose of an examination is to confirm the financial position of a licensed company and its compliance with statutory financial solvency requirements. The information obtained through the examination assists the Financial Surveillance Section and Division management in its ongoing oversight and

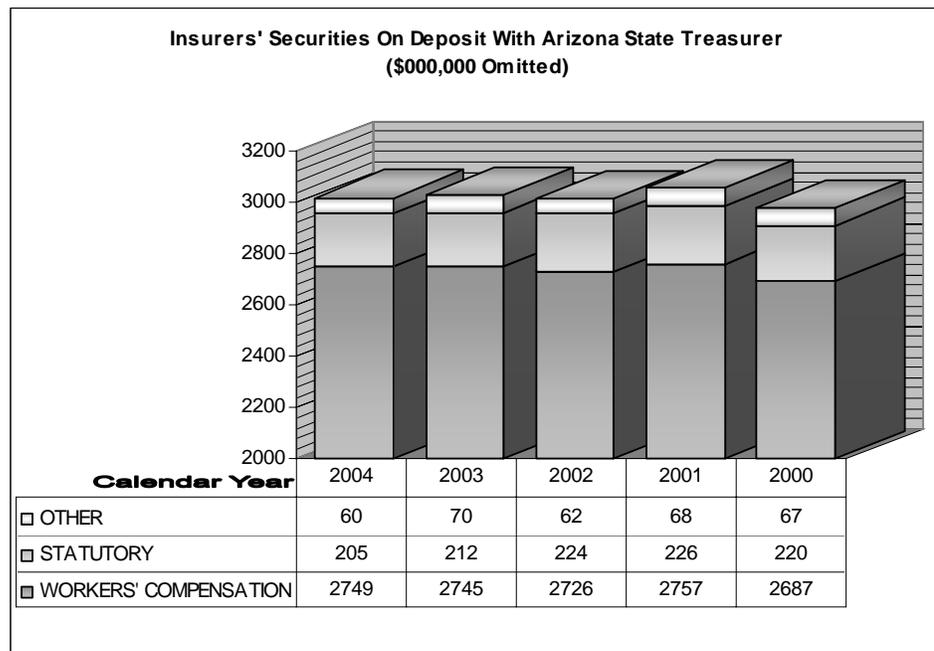

enforcement responsibilities. The Section may initiate an examination any time they identify a significant weakness or deficiency, although Arizona law requires the Department to conduct a financial examination of each domestic company at least once every five (5) years.

Compliance Section

The Compliance Section is responsible for premium tax collection, statutory deposit administration, maintenance of public records and general administrative support to the Division. The Section is also responsible for insurer customer support services, such as maintenance and dissemination of forms and processing of annual statutory filings.

The *Premium Tax Unit* performs tax report audits and remittance processing functions. All premium tax and annual statutory fee remittance reports are audited and may result in the assessment of additional tax, penalties and interest that the Division must collect from insurers.

The *Trust Deposits Unit* monitors and enforces compliance with trust deposit requirements comprising a \$3 billion portfolio of securities held by the Arizona State Treasurer. The unit also monitors trust deposits held in other jurisdictions that the Division relies upon for an insurer's authority to transact insurance business in Arizona.

Financial Affairs Highlights

For Fiscal Year 2005

- Implemented new automated financial analysis tools in ongoing surveillance of insurer financial statement filings.
- Licensed 46 new insurers into the Arizona insurance market.
- Restructured the Division by adding the Special Insurance Markets Section to increase regulatory focus on companies operating in non-traditional markets.
- Began accepting electronic payment of premium taxes.

PROPERTY AND CASUALTY DIVISION

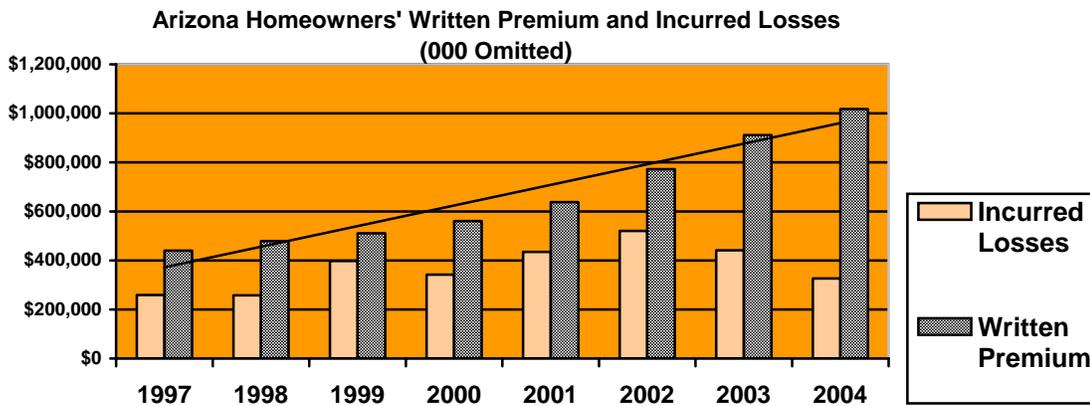

Deloris Williamson Assistant Director
Dean Ehler Rates & Forms Supervisor

The Division reviews various property and casualty insurance policies, contracts and related forms to ensure that they comply with the law and are not ambiguous, misleading or deceptive. Certain property and casualty rate filings are also reviewed for compliance. The Division monitors the market for specific selected lines of insurance by reviewing various information and by conducting surveys of insurers. Surveys are compiled, the responses analyzed, and the results evaluated to determine the level of competition and the health of the market. The Division is comprised of the Rates & Forms Section and the Registration Section.

The Rates & Forms Section

This Section is primarily responsible for administering property and casualty insurance rate and form laws. Although all major lines of insurance are closely monitored, the Section is particularly mindful of lines of insurance highly vested with the public interest such as homeowners (“HO”) and troubled lines such as medical malpractice (“MM”).

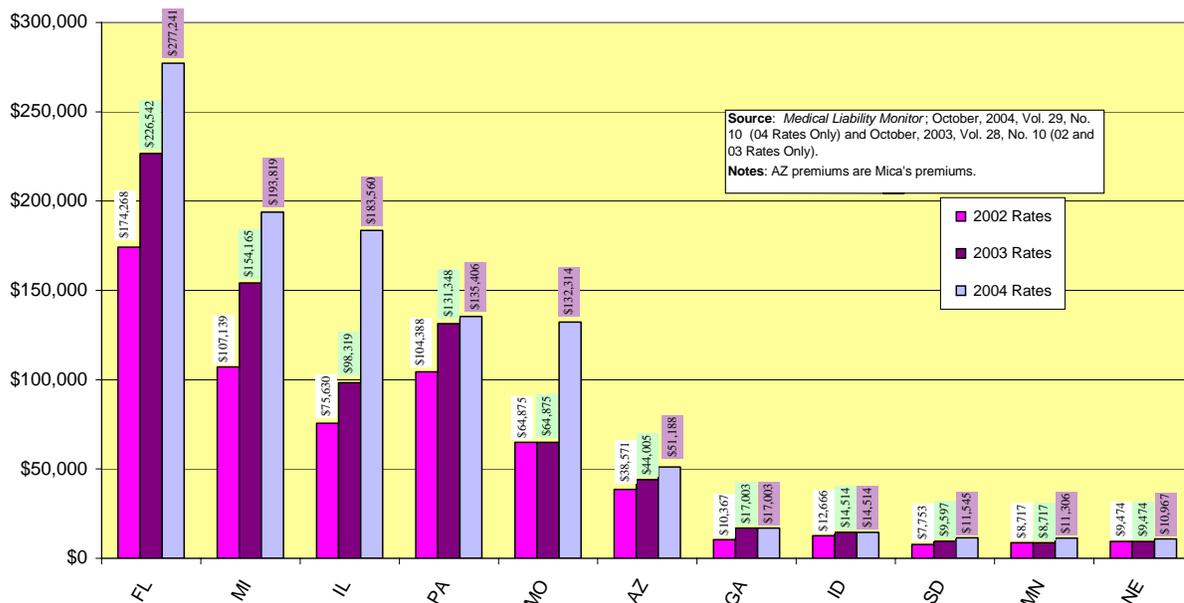

Homeowners’ Insurance Market: The following graph gives the dollar amount of HO premium written and losses incurred by insurers since 1997 in Arizona:

- Competition is intense among all insurers although State Farm Fire & Casualty Co, Farmers IC of AZ, and American Family Mutual IC had 45.48% of the market in 2004.
- About 101 of 195 insurers wrote \$100,000 or more in premium in 2004.
- Numerous insurers have the capability of becoming active.
- The market appears to be easing. Only 47 insurers filed rate changes in 2004; their filings resulted in an overall weighted average rate **decrease** of 1.11%, the first decrease in three years. In 2003, 71 insurers made filings (an overall weighted average rate **increase** of 8.49%) compared to 83 insurers (an overall weighted average rate **increase** of 16.85%) in 2002.

Medical Malpractice Insurance Market: A medical liability crisis exists in a number of states with coverage unavailable or unaffordable. The following graph provides an example of how Arizona's MM rates compare to other states:

Arizona Rates For General Surgeons Compared With The Five States Having The Highest Premiums And With the Five States Having the Lowest Premiums For 2004

- MICA is the only insurer actively seeking and willing to write all physicians and surgeons specialties and hospitals in 2004.
- Insurers that are no longer writing new business in Arizona are still paying claims on business written some time ago. MICA took a 16.0% physicians and surgeons rate increase in 2004 and a 6.0% in 2005.
- Severity is driving MM losses.

During Fiscal Year 2004, the Rates and Forms Section:

- Qualified 136 surplus line insurers to transact business in Arizona.
- Produced four major consumer-information publications: two semi-annual Automobile Premium Comparisons, the Homeowners' Premium Comparison, and the Mobile Homeowners' Premium Comparison.
- Conducted surveys of insurers to monitor marketplace competition for the following lines or types of insurance: medical malpractice, homeowners, other liability, surety, personal automobile, commercial automobile, business owners insurance, and nursing home liability insurance.

Registration Section

This Section is responsible for issuing permits to service companies that contract with consumers to repair appliances or the electrical, plumbing, heating, cooling or air conditioning systems of residential property and for approving motor vehicle service contract programs to include contracts sold by an automobile dealer to service vehicles. Traditional Division Functions: Forms Review

In Fiscal Year 2005, the Life and Health Division continued its traditional functions of reviewing the required submissions of policy, rate and advertising forms issued by authorized life and health insurers, health care services organizations (HMOs), non-profit service corporations (HMDOs) and prepaid dental plans (PDPOs) to ensure compliance with Arizona law.

The Life and Health Division again this year experienced an increased volume of electronically submitted filings, using the System for Electronic Rate and Form Filing (SERFF), the national electronic filing system for insurance departments across the country. The Division received and reviewed a total of 14,021 forms in FY 2005, including 2,111 SERFF forms (compared to 1,673 SERFF forms in FY 2004). The Division continues to adjust its policies and procedures to reflect this partial, but steadily increasing, transition from paper filings to electronic filings and accompanying systems complications.

Health Care Insurance Oversight

In FY 2005, the Division continued its oversight of medical service delivery by health care service organizations (HMOs) and dental service delivery by prepaid dental plan organizations (PDPOs). The Division's oversight includes compliance reviews, proactive education on compliance issues, rulemaking and enforcement activities.

In addition, the Division administers Arizona's health care provider timely pay and grievance law. The Division reviews semi-annual statutory reports and copies of thousands of provider grievances every year and uses the resulting data to target enforcement activities, educate insurers and provide assistance to providers. In FY 2005, the Division received and analyzed 5,350 copies of provider grievances (compared to 8,360 copies in FY 2004).

Non-Insurer Licensing

The Division licenses third party administrators (TPAs) and utilization review agents (URAs) and oversees insurer compliance with Arizona's third party intermediary law. In FY 2005, the Division issued 20 new TPA licenses, 3 new URA licenses and renewed 7 URA licenses.

FRAUD UNIT

Terry Cooper Chief

Created as part of the Department of Insurance in 1994 (A.R.S. § 20-466), the Fraud Unit strives to improve the quality of its service and protection of Arizona consumers. A.R.S. § 20-463 defines fraudulent acts and designates insurance fraud as a felony for any person or entity. The statutes require insurers to refer cases to the Fraud Unit when they suspect "...a

Mission Statement

"To deter, investigate and facilitate conviction for insurance fraud."

*fraudulent claim has been or is being made."*¹ These statutes also aid in monitoring insurer attempts to apply overly broad fraud deterrence measures that could adversely affect honest claimants.

To facilitate improvements and respond to demands from Arizona's substantial population growth, the Fraud Unit will need increased statutory authority, more manpower and more funding to expand investigations, and increase successful deterrence, investigation and prosecution of insurance fraud. Vacancies from recent and projected retirements and state employee salary limitations impact the Unit's ability meet increasing investigation demands. To manage the growing workload, the Fraud Unit has implemented strict investigation guidelines to prioritize and apply limited resources to the most egregious cases.

To facilitate quality service and protection for the Arizona consumer, growth in manpower and funding increases should be the primary goals for the future. Defined deterrence programs, enhanced law enforcement authority and increased resources will assure the Fraud Unit's success in the deterrence, investigation and prosecution of insurance fraud.

The following table summarizes the Fraud Unit's performance measures for FY 2005 compared to previous years:

¹ A.R.S. § 20-466(F)

² The Fraud Unit receives referrals from insurers about claims that may be fraudulent and from reports by the public.

³ Many referrals are submitted for “information only” for which the insurer is not requesting that the referral be investigated. Data also includes referrals that are reviewed and found not to indicate a violation of Arizona law.

MARKET OVERSIGHT DIVISION

Paul J. Hogan Market Oversight Administrator
María G. Chavira Market Analysis Supervisor
Delbert L. Knight.... Market Examinations Supervisor
Arnold V. Sniogowski..... Investigations Supervisor

To protect Arizona insurance consumers, the Market Oversight Division (“MOD”) gathers and analyzes market information, and investigates and examines possible Title 20 violations by producers, insurers and others. The Division is comprised of the following sections: Market Analysis, Market Examinations and Investigations. The Division relies upon selective use of a broad range of investigative, examination, research, analysis and enforcement tools, emphasizing market analysis, and tailoring its regulatory approach to particular parties or issues.

Market Analysis Section

The Market Analysis Section performs analytical risk assessment of market information derived from both internal and external data sources to enable the Department to identify potential market conduct problems as early as possible and allow for appropriate regulatory intervention and to eliminate or limit harm to consumers. The Market Analysis Section works to prioritize and coordinate the various market oversight functions of the Department and promotes an integrated system of proportional responses to insurer market problems.

Market Examinations Section

The Market Examinations Section performs company specific and issue examinations of insurers’ market related practices. All examinations are targeted by need. Examinations gauge compliance with information filed with the Department and with applicable Arizona law (including the Unfair Claims Settlement Practices Act) and target specific areas of insurer operations based on reports from the Market Analysis Section.

Examinations may result in disciplinary action, corrective action plans, restitution, civil penalties, or additional payments to policyholders and claimants. The Section also conducts follow-up examinations and monitoring to assess compliance with corrective action plans.

Investigations Section

The Investigations Section investigates allegations of unauthorized insurance activity and insurance code violations by insurers and professional service licensees, and refers apparent violations for appropriate enforcement action. Section personnel coordinate their investigative activities with market analysis activities, when appropriate.

Market Oversight Highlights

for Fiscal Year 2005

- ◆ *Assessed civil penalties against insurers totaling \$308,000.*

ARIZONA INSURANCE GUARANTY FUNDS

Michael E. Sarguine Executive Director

The Arizona Guaranty Funds serve as a safety net to protect insurance consumers from financial loss in the event that an authorized insurance company becomes insolvent. There are actually two guaranty funds. Each fund is overseen by a Board of Directors appointed by the Governor, and administered by Department staff. The Arizona Life and Disability Insurance Guaranty Fund covers life insurance, health insurance and individual annuities. The Arizona Property and Casualty Insurance Guaranty Fund covers most traditional property and casualty lines. Each guaranty fund is comprised of the insurers authorized in Arizona to write the lines of business that the guaranty fund covers.

The Property and Casualty Guaranty Fund investigates, adjudicates and pays the claims of Arizona insureds and claimants and provides a defense to the insured where appropriate. The Life and Disability Guaranty Fund pays the claims of Arizona residents or provides for continued coverage under covered life, health and annuity contracts. The coverage provided by each guaranty fund is subject to certain statutory limitations and exclusions. Each guaranty fund receives distributions from the estates of insolvent insurer and levies assessments on its member insurers to generate the necessary funds to meet its obligations. Upon paying a guaranty fund assessment, each member insurer receives a certificate of contribution, which entitles the insurer to a credit against its premium tax obligation to the State.

Since its inception in 1970, the Arizona Property and Casualty Insurance Guaranty Fund has paid out over \$127 million in claims.¹ Since its creation in 1977, the Arizona Life and Disability Insurance Guaranty Fund has paid out almost \$253 million in benefits.²

- ◆ *Independent claims audit rated the claims handling performance of the Guaranty Fund staff and two contractors as "Excellent."*

In addition, the Division assists Arizonans affected by insurance receiverships domiciled in other states, and works closely with the Guaranty Funds to satisfy the insolvent insurers' claims obligations to Arizonans.

Public Information Resources

Internet Resources

www.id.state.az.us

The Department continually updates its website, which is a primary means for many in the industry and public to obtain information about the Department's activities, reports, publications, new laws, etc. The website is organized according to common visitors, including insurance consumers, producers and insurers. Visitors are guided through portals to information relevant to their needs.

Visitors have the ability to “look up” any insurance company, producer and other licensees, to verify licensure and obtain basic financial and licensing data. The *Look Up* functions enhance and ease the public's access to information about licensed insurance companies operating in Arizona. Similar to other state agencies that license particular professionals, we added a licensee “look up” function to our website. Now, before an insurance consumer opts to do business with a particular agent or insurance company, they can verify on-line that they are licensed by the Department of Insurance.

Insurance producers will find the page dedicated to them is continually updated and expanded. In addition, non-resident producers now have on-line licensing options. Over 90% of these electronic applications are processed within 24 hours. Within the next year, resident producers will also have e-licensing options.

The Department continues to offer a free email subscription service. Visitors can sign up for various mailing lists to receive immediate copies of Department Press Releases, Regulatory Bulletins and the quarterly newsletter by email. In addition to providing cost savings, this service allows us to communicate directly and promptly with the Department's stakeholders.

Consumer Resources

The Department's website contains a page dedicated to insurance consumers. Information is categorized by type of insurance, so visitors can quickly identify information of interest. In addition, the number of helpful links has been increased, as has the information available in Spanish. The Department has numerous consumer publications on-line, including auto and homeowner guides and premium comparisons, guides to individual and group health insurance, and a detailed guide to the Health Care Appeals Program. New information on health and title insurance are coming soon.

Insurance consumers can also look up enforcement actions taken by the Department against insurers or producers, which are published quarterly in our newsletter, and posted to the website.

The website offers easy-to-follow instructions on how to seek assistance from the Department. Anyone wishing to file a complaint can print a "Request for Assistance" form (in English or Spanish) and then fax or mail it to the Department. In addition, there is a special email address that visitors can use to submit questions or request literature. This has proved to be the fastest growing method of communication with the Department.

Industry Resources

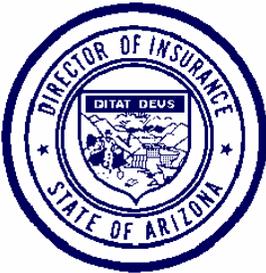

The Department's website offers current and prospective insurance professionals fast service, 24 hours a day, 7 days a week. Dozens of official Department forms and instructions for financial filings, and rate and form filings are posted, including all the Arizona "review standards checklists" and transmittal documents necessary for making complete form filings. In addition, surveys and other reporting forms are available on-line for quicker access and completion. The Producer Look Up feature is also popular with insurer personnel.

Information on legislative proposals and rules activity initiated by the Department is available on line, allowing interested parties to stay informed. All Regulatory Bulletins issued by the Department are also posted on-line for easy reference.

There is an extensive page dedicated to producer licensing which contains license applications, forms, an up-to-date fee schedule, a summary of law changes, and "frequently asked questions". There's also continuing education information, including forms, approved courses and course providers.

Other features

Visitors can obtain the Department's press releases which highlight important regulatory activity and consumer education information. The site also contains a section for employment and contractor opportunities. Another on-line resource is the Department's quarterly newsletter, *Insurance Regulator*, which is a good source for information about policy and procedural activity at the Department.
